

OFFICIAL ACUITY APPROVED MANUFACTURER

We are excited to announce that **Extant is officially an Acuity nLight® approved manufacturer.** With full access to the nLight® components, we ensure an enhanced control and functionality of our lighting fixtures. As an approved OEM partner, you can expect reduced energy costs, improved occupant comfort, and simplified building code compliance, all with the seamless integration of nLight®. We are eager to assist with any nLight® quotes or specifications in your pipeline.

The nLight® Product Family

nLight AIR

nLight® AIR wireless lighting controls deliver a high-quality, reliable solution for virtually any project - all on one system.

nLight Wired

nLight® Wired delivers a high-quality and reliable networked lighting controls solution for virtually any project, serving as a pillar control system in commercial office, hospitality, education, and municipal applications.
